

COVID-19 UPDATE

Dear Member,

In an effort to further protect both the health and well-being of all Members and their families we will continue to strictly follow all health and social distancing requirements issued by the Australian Government.

As such and in line with the latest government directive, we will implement the following changes effective March 23rd 2020.

- 1) All roll ups and social bowls activities will not be allowed and are now suspended in full until further notice
- 2) Entry to the greens and or clubroom is strictly prohibited
- 3) Regular outside Club maintenance will be kept to a minimum and is to be only undertaken after approval is sought by a General Committee Member
- 4) Pending new Grant works on both greens are yet to be confirmed but are unlikely to proceed at this point in time due to lock down as prescribed under the nonessential services ACT.

I understand this is a time of great concern for everyone in our Club, and I will continue to take the advice of Government and health authorities to create a safe and long term environment for all.

Thank you for your continued understanding and co-operation during this time.

Graeme
