Greens Maintenance

Jim Pearce, Mick Kimmett and Peter Kernow will be preparing a schedule outlining weekly and monthly greens maintenance requirements.

Relocating green rink positions will not take place between Thursday and Sunday.

Terry Button and the Friday crew will work with the greens maintenance team to make sure the club presents a great feel for visiting clubs, members and the passing public.

Members wishing to help in anyway during week days or when time permits, please contact a committee member.

Key Notes

The committee is looking at the possibility and the affordability of outsourcing the cleaning of the club rooms. This may result in a yearly levy from members to cover this.

If anyone can help in this area before the next committee meeting, please contact Brendan Ford.

The bar management is another concern of the committee whereby this may also have to be outsourced as well.
